Report on the Financial Statements

We have audited the accompanying financial statements of Volunteer Legal Services Project of Monroe County, Inc. (the Project), which comprise the statement of financial position as of March 31, 2020, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Project's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Project's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Volunteer Legal Services Project of Monroe County, Inc. as of March 31, 2020, and the changes in its net assets and its cash flows for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited Volunteer Legal Services Project of Monroe County, Inc.'s 2019 financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated September 10, 2019. In our opinion, the summarized comparative information presented herein as of and for the year ended March 31, 2019, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated February 4, 2021, on our consideration of the Project's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Project's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Project's internal control over financial reporting and compliance.

VOLUNTEER LEGAL SERVICES PROJECT
OF MONROE COUNTY, INC.

Notes to Financial Statements

March 31, 2020

(1) Summary of Significant Accounting Policies

(a) Nature of Activities

Volunteer Legal Services Project of Monroe County, Inc. (the Project) was created in 1981 to increase participation by private attorneys in the delivery of civil legal services to the poor in Monroe County. A small staff administers a largely volunteer effort in which private attorneys represent low income clients.

The Project began as a project of the Monroe County Bar Association (Bar Association) and was incorporated in December 1982 as a not-for-profit corporation. It is governed by an independent Board of Directors composed of attorneys and non-attorneys. The Project receives funding from Legal Assistance of Western New York (LAWNY), Interest on Lawyer Account Fund (IOLA), the United Way of Greater Rochester, New York State (NYS), private foundations, law firms and individual attorneys in Monroe County.

(b) Basis of Accounting

The financial statements of the Project have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

(c) Basis of Presentation

The Project reports information regarding its financial position and activities according to two classes of net assets: net assets without donor restrictions and net asset with donor restrictions. Accordingly, net assets of the Project and changes therein are classified and reported as follows:

Net assets without donor restrictions - Net assets that are not subject to donor-imposed stipulations and may be used for any purpose designated by the Project's Board of Directors.

Net assets with donor restrictions - Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Project and/or the passage of time.

(d) Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

(e) Cash and Equivalents

For purposes of the statement of cash flows, the Project considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Notes to Financial Statements, Continued

(1) Summary of Significant Accounting Policies, Continued

(f) Concentrations of Credit Risk

Financial instruments that potentially subject the Project to concentrations of credit risk consist principally of cash and cash equivalent accounts in financial institutions. Although the accounts periodically exceed the federally insured deposit amount, management does not anticipate nonperformance by the financial institution.

(g) Endowment

The Project's endowment was established by donations made directly to the Project. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds are classified and reported based on the existence or absence of explicit donor-imposed restrictions. See note 4 for endowment detail.

New York Prudent Management of Institutional Funds Act (NYPMIFA) was enacted on September 17, 2010 and removes the prohibition on appropriations below the historic dollar value of endowment funds absent explicit donor stipulations to the contrary.

In accordance with NYPMIFA, the Project considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. The duration and preservation of the various funds.
2. The purposes of the donor-restricted endowment funds.
3. General economic conditions.
4. The possible effect of inflation and deflation.
5. The expected total return from income and the appreciation of investments.
6. Other resources of the Project.
7. The investment policies of the Project.

(h) Receivables

Receivables are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a provision for bad debt expense and an adjustment to a valuation allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. Changes in the valuation allowance have not been material to the financial statements.

(i) Investments

Investments are stated at fair value. In accordance with the policy of carrying investments at fair value, the change in net unrealized appreciation is included in investment income (loss) in the accompanying statement of activities.

(j) Capitalization and Depreciation

Equipment is recorded at cost or fair market value at the date of the gift in the case of donated equipment. If donors stipulate how long the assets must be used, the contributions are recorded as restricted support. In the absence of such stipulations, contributions of equipment are recorded as unrestricted support. Depreciation is provided for in amounts sufficient to relate the cost of depreciable assets to operations over their estimated service lives using the straight-line method. Improvements are capitalized, while expenditures for maintenance and repairs are charged to expense as incurred. Upon disposal of depreciable equipment, the appropriate equipment accounts are reduced by the related costs and accumulated depreciation. The resulting gains and losses are reflected in the accompanying statement of activities.

(k) Deferred Revenue and Revenue Recognition

Grant awards accounted for as exchange transactions are recorded as revenue when expenditures have been incurred in compliance with the grant restrictions. Amounts unspent are recorded in the accompanying statement of financial position as deferred revenue.

(l) Contributions

Contributions are recognized when the donor makes an unconditional promise to give to the Project. Contributions that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net asset with donor restrictions are reclassified to net assets without donor restrictions.

(m) Donated Services

The Project values all donated legal services at estimated fair value. All donated legal services are related to the mission of the Project and considered program services in the accompanying statement of functional expenses. For the years ended March 31, 2020 and 2019, the estimated value of these services was as follows:

	<u>Hourly rate</u>		<u>Hours</u>		<u>Amount</u>	
	<u>2020</u>	<u>2019</u>	<u>2020</u>	<u>2019</u>	<u>2020</u>	<u>2019</u>

(n) Expense Allocation

The costs of providing various programs and other activities have been summarized on a functional basis in the statement of activities and in the statement of functional expenses. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Expenses are allocated on the basis of level of effort.

(o) Subsequent Events

Subsequent to March 31, 2020, the Project received a \$200,205 loan under the Small Business Administration Paycheck Protection Program.

The United States is presently in the midst of a national health emergency related to the COVID-19 virus. The overall consequences of the COVID-19 virus on a national, regional and local level are unknown, but has the potential to result in a significant economic impact. The impact of this situation on the Project and its future results and financial position is not presently determinable.

(p) Income Taxes

The Project is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code (the Code), therefore, no provision for income taxes is reflected in the financial statements. The Project has been classified as a publicly supported organization that is not a private foundation under Section 509(a) of the Code. The Project presently discloses or recognizes income tax positions based on management's estimate of whether it is reasonably possible or probable that a liability has been incurred for unrecognized income taxes. Management has concluded that the Project has taken no uncertain tax positions that require adjustment in its financial statements. U.S. Forms 990 filed by the Project are subject to examination by taxing authorities.

(q) Recent Accounting Standards Issued

In June 2018, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) 2018-08, "Clarifying the Scope of Accounting Guidance for Contributions Received and Contributions Made." ASU 2018-08 provides clarification for determining if grants and contracts should be considered contributions or exchange transactions, as well as guidance for determining if a contribution is conditional. This guidance is effective for fiscal years beginning after December 15, 2018. These financial statements and notes reflect adoption of this new standard.

OF MONROE COUNTY, INC.

Notes to Financial Statements, Continued

(2) Liquidity

The Project has \$667,479 of financial assets available within one year of the statement of financial position date to meet cash needs for general expenditures, consisting of \$385,028 of cash, \$27,401 in beneficial interest in assets held by Community Foundation and \$249,959 of receivables. None of these financial assets are subject to donor or contractual restrictions that make them unavailable for general expenditure within one year of the 2020 statement of financial position. As discussed in note 7, the Project has a committed line of credit in the amount of \$200,000 which it could draw upon in the event of an unanticipated liquidity event.

(3) Beneficial Interest in Assets Held by Community Foundation

Financial Instruments

Investments are held in the Rochester Area Community Foundation (the Foundation), a nonprofit organization that pools funds of organizations and invests in marketable securities. Each participating organization is allocated investment units based on the amounts invested. The market value of the investment units is based on the value of the individual securities held by each fund.

(3) Beneficial Interest in Assets Held by Community Foundation, Continued

Assets are reported at fair value based on quoted market prices. Realized and unrealized gains and losses are reported based upon the presence or absence of donor stipulation as to their use. Investment income (loss) for the years ended March 31, 2020 and 2019 is summarized as follows:

	<u>2020</u>	<u>2019</u>
Interest and dividends	\$ 636	199
Unrealized appreciation in fair value of investments	(76,763)	(20,313)
Total investment income (loss)	\$ (76,127)	(20,114)

Management fees of approximately \$4,000 have been netted against investment income (loss) for the years ended March 31, 2020 and 2019.

Fair Value Measurements

A framework has been established for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Project has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The Project uses net asset values reported by fund managers as a practical expedient to estimate the fair values of its investments held through limited partnerships and other similar funds. Classification of these investments within the fair value hierarchy is based on the Project's ability to timely redeem its interest rather than on inputs used.

(3) Beneficial Interest in Assets Held by Community Foundation, Continued

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Project believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All investment units in the Foundation held by the Project are classified as level 2 investments.

The Foundation invests the funds transferred to it by the Project. Funds are invested as part of the Foundation's permanent endowment funds, subject to the same policies for investment, determination of current distribution amount, and allocation to cover the Foundation's administrative costs. Distributions shall be made in accordance with such procedures for the administration and operation of such funds of the Foundation as may be in effect from time to time.

(4) Endowments

The Project's endowments consists of funds established for a variety of purposes. As required by generally accepted accounting principles, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Directors of the Project has interpreted the applicable provisions of New York Not-for-Profit Corporation Law to mean that the classification of appreciation on permanently restricted endowment gifts, beyond the original gift amount, follows the donor's restrictions on the use of the related income.

The balances of the endowments as of March 31 are as follows:

	Without donor <u>restriction</u>	With donor <u>restriction</u>	<u>Total</u>
2020	\$ <u>165,802</u>	<u>165,048</u>	<u>330,850</u>
2019	\$ <u>196,368</u>	<u>193,161</u>	<u>389,529</u>

(5) Related Parties, Continued

- (b) The Project, LAWNY, and LAS have agreed to participate in a fundraising project referred to as the “Campaign for Justice.” During the years ended March 31, 2020 and 2019, phonathons were held, with the proceeds allocated among the organizations in accordance with the terms of the agreement. Amounts due to Campaign for Justice at March 31, 2020 and 2019 totaled \$88,994 and \$25,679, respectively.
- (c) The Project, LAWNY, and LAS received a gift of \$25,670 in the 1998 fiscal year, which is held as an investment by the Project. The gains or losses incurred by the investment are allocated equally to the related parties and the Project and the equal share of the net investment is shown as due to or from the related party. At March 31, 2019, the Project was indebted to the related parties in the amount of \$4,520. There was no debt to related parties at March 31, 2020.
- (d) The Legal Services Project funds include amounts received by the Project as a subrecipient of LAWNY, a Legal Services Corporation recipient, and are used to coordinate volunteer attorneys and provide legal representation to low-income people eligible to receive Legal Services Corporation funded services in Monroe County.
- (e) The Project entered into an agreement with the Bar Association, Empire Justice Center, Monroe County Legal Assistance Center, a division of LAWNY, LAS and the Foundation of Monroe County Bar. The intent of the agreement was to locate their offices at one location and to share facilities at that location for their common benefit. The agreement also states that the parties will begin a fundraising campaign, known as the Partnership for Equal Justice, to raise funds for their co-location.
- (f) During the years ended March 31, 2020 and 2019, the Project shared certain expenses with LAS. In 2020 and 2019, the Project paid \$15,000 to LAS for shared staffing expense.

(6) Retirement Plan

The Project has a tax deferred retirement plan for personnel who meet certain length of service requirements whereby the employee can make contributions up to \$19,500 or \$26,000 for participants age 50 or older. Employer contributions to the plan are determined annually by the Board of Directors. The Project’s contributions to the plan amounted to \$17,684 and \$6,892 for the years ended March 31, 2020 and 2019, respectively.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Board of Directors
Volunteer Legal Services Project
of Monroe County, Inc.:

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of Volunteer Legal Services Project of Monroe County, Inc. (the Project), which comprise the statement of financial position as of March 31, 2020, and the related statements of activities, functional expenses and cash flows for the year then ended, and the related notes to financial statements, and have issued our report thereon dated February 4, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Project's internal control over financial reporting (internal control) to determine audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Project's internal control. Accordingly, we do not express an opinion on the effectiveness of the Project's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Project's financial statements will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Project's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Project's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Project's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
